

Customs & Tariffs

Clarify compliance, reduce duties, and prevent penalties with Aprio's Customs & Tariffs team. With more than a decade of experience, we help multinational businesses navigate import/export compliance for shipping goods in and out of the U.S.

\$8.2M+

in duties recouped from product reclassification

\$3M+

in detained goods released from U.S. CBP

\$1M

in annual duty savings secured with product exclusions

Common Challenges

Overpaid duties due to misclassified goods or misunderstanding of tariff applications/exemptions

Inaccurate customs valuation

Country of origin/Free Trade Agreement (FTA) analysis

Continually evolving import regulations

Import penalties, seizures, or detentions

Poor visibility of import data and trends

Aprio Solutions

Aprio's team performs tariff classification reviews to help make sure your business pays accurate duty rates.

Rely on Aprio to perform valuation analysis and compile documentation that aligns with CBP rules.

We support your business in changing supply chains, analyzing alternative country of origin options, and performing FTA analysis and country-exemption reviews.

Aprio monitors regulatory updates and performs risk assessments to help your business comply and identify opportunities for duty savings.

Our team provides strategic advocacy and negotiates with CBP on your behalf, including preparing/filing any disclosures.

With Aprio, you get access to actionable insights through import data analytics to make real-time decisions.
